no one should be telling the public that they should evacuate BEFORE receiving an alert - thats insane and crazily confusing to the general public - it basically says that the alert system is totally BS - the message should be -

Thanh Nguyen @PIOthanhn

The #CAWildfires have prompted countless messages urging people to not wait until the last minute to evacuate. This important message from the OCFA provides safety tips for evacuation should you have to. #pio twitter.com/OCFA_PIO/status...

1

Peter Sz @zerg90 · 1m

1. evacuate when told to do so
2. if you feel it is safer to evacuate before receiving an alert, then you are free to do so - but it might screw up tiered evac procedures

Check out the sat views of Paradise - they have some large blds surrounded by large parking lots and fields
